PROFESSIONAL SUMMARY

Computer Systems Engineering graduate with hands-on experience in full-stack web development and authentication systems. Skilled in JavaScript, Node.js, and MongoDB with a focus on secure and scalable applications. Quick learner with strong problem-solving, communication, and MS Office skills.

EDUCATION

ISMT College | University of Sunderland — Kathmandu, Nepal
BSc (Hons) Computer Systems Engineering
January 2022 – January 2025

TECHNICAL SKILLS

Programming Languages: JavaScript, Node.js
Tools: VS Code, Figma, MS Office (Word, Excel, PowerPoint)
Soft Skills: Problem-solving, Communication, Adaptability, Continuous Learning

PROJECT EXPERIENCE

AI Management System (Web Application)

- Built admin-based system using Node.js, Express, MongoDB
- Developed authentication and content management features
- Improved usability with gallery and settings modules

Authentication System (Cybersecurity Project)

- Developed secure login system using Node.js, Express, MongoDB
- Added email verification, password reset, session management
- Integrated Google reCAPTCHA and login attempt logout
